SubK Compliance

Compliance outlines the risk assessment and compliance verification information for the SubK. ORA Contract Administrators undertake this compliance review when adding SubKs to a project.

The results of the review are accessible on the Compliance tab, and include SAM.gov Verification; the Risk Determination level, Risk Determination Notes; and, where applicable, the FFATA Report submittal date.

The specific details of the compliance review of the SubK can be found underneath the heading Subcontractor Project Compliance and can be reached by clicking on the SubK's Subcontract Number.

To see a copy of the invoice, click on the hyperlinked Attachment.

Invoices should be reviewed to ensure the timeframe the invoice is referencing is accurate and the expenditures match the level of service Mines received from the subrecipient.

The invoice can be approved or denied for payment. If denied, the PI should include a summary describing why the invoice is denied and ORA will work with the subrecipient.

At the bottom of the page are two green buttons - one to approve and one to reject the invoice.
